## Capabilities

### Financial & Accounting Services

TFC provides federal agencies support for financial reporting and analysis, grants management, budget execution and formulations, obligations processing, etc. We are versed in troubleshooting, tracking issues, automation, and reporting. TFC works closely with its clients to support agencies and maintain federal compliance.

### Internal Control & Risk Management

TFC works with our clients to craft internal control solutions that are tailored to the agency while meeting its mission and compliance objectives and mitigating risks to an acceptable level. Our experience and knowledge of the GAO Green Book allow us to assist federal agencies in improving operations and internal controls.

### Audit & Attestation

TFC utilizes current auditing standards and best practices to ensure our clients meet compliance objectives. Our expertise in AICPA Attestation standards, the GAO Yellow Book, and 2 CFR Part 200 help us improve operations and provide value to our clients.

### Advanced Analytics & Data Automation

TFC leverages technical and artificial intelligence (AI) expertise to help federal agencies improve operations and decision-making through advanced analytics (AA). We partner with technology consulting firms to develop and deliver large-scale AI and AA solutions while adhering to our core principles and best practices.

### Enterprise Risk Management

TFC is a leader in integrating enterprise risk management (ERM) with budgeting and performance management, strategic planning, and organizational change management, delivering maximum value to agency stakeholders. TFC offers demonstrated thought leadership and innovation in assisting agencies with implementing ERM.

### Program Integrity & Compliance Monitoring

TFC's understanding of IPPIA/IPERA/IPERIA/PIIA and OMB Circular A-123 Appendix C (and other federal documents) allows us to provide clients with proper statistical sampling, testing, and reporting of high-risk programs.
