

Senior Associate

Job types: Full-time, part-time

Are you a person who loves collaborating with people, sharing ideas, and finding innovative solutions to help Federal agencies? Do you enjoy a work environment where you are valued, supported professionally, and encouraged to take initiative to be the best you can be? Are you a US citizen, experienced in Federal government financial management, internal controls, planning, budgeting, accounting, auditing, and reporting? If so, there is a job for you at TFC Consulting, Inc!

For almost 20 years, TFC Consulting has been working with Federal Agencies in the DC Metro Area. We provide excellent professional services grounded in strong project management, innovative solutions, technical quality, and continual improvement. At TFC, everyone is a hands-on contributor working together to solve our clients most important financial management issues.
